Fourteenth Annual Perianesthesia Nursing Update

PACU-2

'Comprehensive Clinical Management of the PACU Patient' Assessing Competency Outcomes and Individual Performance Assessment (COPA Model)

PROGRAM OUTLINE

7:30 - 8:00 a.m. Registration

Are you looking to enhance your PACU skills, assessment and intervention strategies, communication skills, critical thinking, knowledge and integration skills? This year's **14th Annual Perianesthesia Nursing Update** series utilizes the COPA (Competency Outcomes and Performance Assessment) educational model to provide the participant with the knowledge and ability to effectively manage a variety of clinical situations in the PACU. Utilization of **Turning Technologies**, an interactive audience participation system, provides the participant with the ability to integrate practice-based outcomes and performance assessment of their own clinical competencies. This innovative and interactive teaching strategy allows the perianesthesia participant the ability to review clinical cases and PACU situations presented and anonymously select your treatment or intervention strategy. Group data is gathered, and followed by in-depth rationales provided by the speaker at the conclusion of the clinical case scenario.

Be sure to join us this year and participate in a wide range of pertinent Evidence-Based Practice PACU topics including:

TOPIC

PERIANESTHESIA PATIENT SAFETY

COURSE CONTENT

Evidence-based guidelines for best practices are presented on a wide variety of initiatives to promote patient safety in the PACU.

HEMODYNAMIC CONSIDERATIONS IN THE PACU

Evidence-based practice guidelines to prevent and treat hemodynamic complications in the PACU. Commonly utilized PACU hemodynamic medications are presented.

CRISIS RESOURCE MANAGEMENT

The principles of Crisis Resource Management (CRM) provide a formal framework for high efficiency teamwork for emergent PACU crises situations. This CRM module will focus on cardiac, pulmonary, airway and emergent crises that may potentially arise in the PACU.

PERIANESTHESIA DOCUMENTATION

What, when, and where to document perianesthesia nursing findings. Keep yourself out of trouble by documenting according to these evidence-based guidelines and in accordance with recommended documentation standards.

MANAGING AN OLD PROBLEM WITH NEW STRATEGIES... PONV

Anesthesia and PACU interventions to decrease the incidence of PONV are presented. Efficacy of evidence-based treatment protocols are reviewed through this clinical case management module.

CONTEMPORARY ISSUES IN PACU PRACTICE

This networking session features an open forum question and answer period for the PACU nurse/nurse manager that engages the presenter and audience with focused questions and answers faced in everyday PACU practice.

4:00 p.m. Program Completion

FACULTY

Michael Kost, DNP, CRNA

Program Director of a nurse anesthesia educational program in a mid-Atlantic state, Michael received his BSN from Widener University, his anesthesia education at Montgomery Hospital School of Anesthesia, MS in Anesthesia from St. Joseph's University in Philadelphia, and MSN from Gwynedd Mercy College. Mike completed his Doctorate in Nursing Practice at the University of Medicine and Dentistry in New Jersey and his Post Master's Certificate in Nursing Education from La Salle University. Michael is the author of two award-winning texts on Moderate Sedation/Analgesia. He has presented perianesthesia care topics both regionally and nationally while consistently receiving outstanding course evaluations from conference attendees. He is a respected author and speaker on a variety of pharmacologic, perianesthesia, sedation, and perioperative subjects.

*Specialty Health Education, Inc., reserves the right to offer qualified substitute faculty at our discretion in the event of an emergency, illness, etc. If any changes are made, Specialty Health Education, Inc., will update its website with the most up-to-date information.

Cindy Betron, CRNA, MSN, CNE

As an instructor in a mid-Atlantic nurse anesthesia program and its affiliated university, Cindy provides didactic and clinical instruction for both the undergraduate and graduate programs. Cindy received her BSN from Excelsior College, MSN from La Salle University, and CRNA certification from the Frank J. Torretta School of Anesthesia. She also received a Post Master's Certificate in Nursing Education from La Salle University. Before becoming a CRNA, Cindy spent over 20 years working as a staff nurse and clinical coordinator in the perianesthesia setting which included the ambulatory surgery unit, postanesthesia care unit, and sedation setting for invasive procedures. She has been actively involved in policy development, continuous quality improvement programs, and JCAHO/Department of Health Inspection readiness programs. Cindy is an active member of the Society for Simulation in Healthcare. She directs simulation technology activities for students utilizing a computerized, interactive simulation manikin thus enhancing didactic knowledge, critical thinking, and skill attainment through case scenario presentations prior to implementation in the clinical setting.

INSTITUTIONAL LICENSING

WOULD YOU LIKE TO EDUCATE YOUR ENTIRE STAFF WITH ONE OF OUR SEMINARS ON-SITE AND RECEIVE A SIGNIFICANT DISCOUNT?

Institutional Licensing of our programs and onsite Specialty Health Presentations are available!

Call 610-630-3990 for information and pricing.

WHO SHOULD ATTEND

- Phase I PACU Nurses
- Phase II PACU Nurses
- Ambulatory Care Nurses
- Preoperative Nurses
- Perioperative Nurses
- Holding Area Nurses

SPECIAL Q&A HOME STUDY SERIES PRICING CONFERENCE DAY ONLY

PURPOSE AND CONCEPT

- *Specialty Health Education, Inc.* has collaborated again this year to offer another comprehensive educational program *tailored specifically to the needs of the postanesthesia and ambulatory care nurse*. Only the highest level of postanesthesia nursing conferences are offered by *Specialty Health Education, Inc.*
- This year's conference (see program outline) was designed by perianesthesia nurses, anesthesia providers, and nursing educators. The program provides the ability to earn 7 contact hours, while gaining valuable clinical insight on a wide variety of topics. In addition, our continued commitment to our PACU nursing colleagues is to provide home study programs and continuing education conferences that are reasonably priced and of the highest quality!
- *Specialty Health Education, Inc.* is dedicated to meeting your postanesthesia educational needs at a reasonable cost. **Your satisfaction is guaranteed!**

WHAT PEOPLE SAY

- "The best PACU educational seminars in the country - always reliable, informative, excellent speakers."
- "EXCELLENT - clear, concise, and organized presentation. I highly recommend these programs to my colleagues."
- "Our entire staff will attend next year, I will encourage all of my colleagues to attend each year, excellent format."
- "Articulate, knowledgeable...held my interest for the entire day."
- "Specialty Health has always provided consistent and knowledgeable speakers on many topics and presentations that exceed expectations. Highly recommend their conferences and look forward to their seminars."
- "I highly recommend Specialty Health for their expertise and excellent speakers."
- "Your speakers have done it again - an excellent speaker with much life experience that openly shares with the audience, really driving home the issues."

Seminar Fee Includes:

- Tuition
- Course Materials
- Certificate of Attendance
- Beverage during registration

PREREGISTRATION REQUIRED

CANCELLATIONS: Your registration fee, minus a \$25.00 administration fee, will be refunded if your written cancellation request is received 10 days prior to the seminar date, or another participant may attend as your substitute!

SATISFACTION GUARANTEED!!

Specialty Health Education, Inc., guarantees your satisfaction for all of its programs. All seminars are provided by nurse educators or physicians who are experts in their respective fields. If you are not satisfied with the educational content and presentation of the program you are attending, please notify the registration attendant by 11 a.m. on the date of the program that you are leaving and requesting a refund. This year's exciting *Fourteenth Annual Perianesthesia Nursing Update "Comprehensive Clinical Management of the PACU Patient" Assessing Competency Outcomes and Individual Performance Assessment* promises to meet the educational goals and objectives outlined in this brochure.

For additional questions or to register, please call our **REGISTRATION HOTLINE** at 610-630-3990.

ACCREDITATION

Specialty Health Education, Inc., is approved as a provider of continuing education in nursing by the Pennsylvania State Nurses Association, which is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation. Specialty Health Education, Inc., is approved by the California Board of Registered Nursing, Provider # CEP 12963.

This series of conferences is *designed* to meet the Board of Nursing requirements in all fifty states.
