FACULTY

Michael Kost, DNP, CRNA

Michael is the Program Director of a nurse anesthesia educational program in a mid-Atlantic state. He received his Bachelor of Science in Nursing degree from Widener University, his anesthesia clinical education at the Frank J. Tornetta School of Anesthesia at Montgomery Hospital, Master of Science in anesthesia and health-care administration from Saint Joseph's University, and Master of Science in Nursing as a geriatric clinical specialist from Gwynedd Mercy College. Michael recently completed his Doctorate in Nursing Practice at the University of Medicine and Dentistry of New Jersey and his Post-Master's Certificate in Nursing Education from La Salle University School of Nursing.

He is the author of two award winning texts on Moderate Sedation/Analgesia. The *Manual of Conscious Sedation* (W. B. Saunders) was the first text of its kind to assemble into a single source all of the information needed to ensure quality care for patients receiving sedation/analgesia. His latest publication entitled *Moderate Sedation/Analgesia: Core Competencies for Practice* (Elsevier Science) provides non-anesthesia sedation practitioners with all of the necessary competencies required to provide safe, clinically competent sedation patient care. He is a respected author, consultant and educator on a wide variety of topics including pharmacology, sedation/analgesia and patient safety issues.

Cindy Betron, CRNA, MSN, CNE

As an instructor in a mid-Atlantic nurse anesthesia program and its affiliated university, Cindy provides didactic and clinical instruction for both the undergraduate and graduate programs. Cindy received her BSN from Excelsior College, MSN from La Salle University, and CRNA certification from the Frank J. Tornetta School of Anesthesia at Montgomery Hospital. She also received a Post Master's Certificate in Nursing Education from La Salle University School of Nursing and successfully completed the Certified Nurse Educator examination administered by the National League of Nursing.

Before becoming a CRNA, Cindy spent over 20 years working as a staff nurse and clinical coordinator in the ambulatory surgery unit and sedation setting for invasive procedures. She has been actively involved in policy development, continuous quality improvement programs, and JCAHO/Department of Health inspection readiness programs. Cindy is an active member of the Society for Simulation in Healthcare. She directs simulation technology activities for students utilizing a computerized, interactive simulation manikin thus enhancing didactic knowledge, critical thinking, and skill attainment through case scenario presentations prior to implementation in the clinical setting.

WHO SHOULD ATTEND?

This comprehensive educational program is *essential for sedation healthcare providers, managers, and administrators in:*

- Critical Care
- Radiology
- Postanesthesia Care
- Operating Room
- Respiratory Care
- Ambulatory Surgery
- Plastic Surgery
- Interventional Radiology
- Office Facilities
- Cardiac Cath Lab
- Burn Units
- Emergency Care
- Pediatrics
- Gastroenterology

WHAT PEOPLE SAY

"Specialty Health Education, Inc. utilizes speakers who possess the ability to present detailed information in a clinically relevant manner."

"Specialty Health speakers are experts in the sedation/analgesia field – they speak in practical, applicable terms."

"Specialty Health has done it again, this was the best Moderate Sedation program I have ever attended."

"Clear, concise, and organized presentation. I highly recommend this program to my colleagues."

"As usual, the program was EXCELLENT!"

"Dedicated to increasing the audience's knowledge related to sedation and promoting quality patient care."

"Articulate, knowledgeable... held my interest for the entire day!"

"The clinically relevant case scenarios illustrate pertinent points."

CE CONFERENCE BONUS!

Would You Like To:

\$29⁰⁰

- Develop your critical thinking and analytical skills related to the administration and management of the patient receiving sedation/analgesia?
- Continue your education after the conference with our 10-hour home study module **Questions & Answers in Sedation/Analgesia?**
- Receive **Questions & Answers in Sedation/Analgesia** for \$29.00 (regularly priced @ \$44.95)?
- Then simply register for *A Critical Analysis of the Practice of Moderate Sedation/Analgesia*. If you would like to receive your home study module for 10 additional contact hours entitled **Questions & Answers in Sedation/Analgesia**, please enclose an additional \$29.00 with your registration fee. You will receive your home study program on site on the seminar date. That's a total of 17 contact hours of quality continuing educational offerings on sedation/analgesia for only \$148.00!

PROGRAM OBJECTIVES:

- Delineate pertinent JCAHO standards and intents related to the administration of sedation by qualified providers.
- Identify the anatomic, physiologic and pathophysiologic considerations associated with the moderate sedation patient.
- Effectively manage the events following an untoward patient reaction in the sedation setting.
- Assess total patient care requirements associated with the delivery of moderate sedation and analgesia.
- List emergent treatment protocols that arise during the administration of sedation and analgesia.
- Effectively manage patients experiencing respiratory insufficiency and airway obstruction.

A CRITICAL ANALYSIS OF THE PRACTICE OF MODERATE SEDATION/ANALGESIA

Active Learning Strategies Featuring
'Clinical Case Vignettes' and 'Open Forum Discussion'

7:30 a.m. – 8:00 a.m. REGISTRATION

This year's moderate sedation/analgesia workshop utilizes active learning strategies including 'clinical case vignettes' and 'open forum discussion'. The 'clinical case vignettes' utilized will simulate real-life clinical situations that finish abruptly. Our featured speaker analyzes each 'clinical vignette' with the audience suggesting appropriate clinical management based on current standards, guidelines, policies and best evidence for practice. This teaching methodology is particularly effective in the analysis and remediation of clinical, interpersonal, and technical scenarios that surface in your everyday sedation practice but are difficult or dangerous to reproduce.

Benefits of 'clinical case vignettes' teaching methodology includes a systematic approach to improving the nature and quality of sedation patient care. The sedation setting can be an emotionally, technically, and cognitively stressful environment where quality decision-making is critical. Our featured speaker will provide seminar participants with in-depth analysis of a variety of pharmacologic, emergent, pre-sedation, procedural and post-sedation 'clinical vignette' scenarios which offer alternative approaches to clinical patient and situation management.

This year's *Critical Analysis of the Practice of Moderate Sedation/Analgesia* conference also focuses on the following JCAHO 2009 National Patient Safety Goals:

- Goal #2: Improve the effectiveness of communication among caregivers
- Goal #3: Improve the safety of using medications
- Goal #16: Improve recognition and response to changes in patient condition

Whether you are an experienced practitioner or new to the sedation setting this year's *A Critical Analysis of the Practice of Moderate Sedation/Analgesia* will meet your educational goals and objectives.

3:00 p.m. – 4:00 p.m. QUESTION & ANSWER PERIOD / COMPREHENSIVE REVIEW

ABOUT SPECIALTY HEALTH EDUCATION, INC.

- *Specialty Health Education, Inc.* provides the highest quality continuing education seminars and self-study programs. This sedation seminar series was developed in response to the growing needs of sedation healthcare providers. Learning objectives and educational course content were designed by anesthesia, perianesthesia, critical care nurses, and educators.
- The program provides the highest quality course content and clinically relevant case discussions. Healthcare providers and nurses continue to benefit from our wide variety of educational services.
- Additionally, *Specialty Health Education, Inc.* is dedicated to meeting your educational needs at a reasonable cost. We guarantee your satisfaction!

SEMINAR FEE INCLUDES:

- Tuition
- Course materials
- Certificate of attendance
- Beverage during registration

PREREGISTRATION REQUIRED!

CANCELLATIONS: Your registration fee, minus a \$25.00 administration fee, will be refunded if your written cancellation request is received 10 days prior to the seminar date. Substitutions are welcome!

SATISFACTION GUARANTEED!

Specialty Health Education, Inc. guarantees your satisfaction for all of its programs. All seminars are provided by nurse educators who are experts in their respective fields. If you are not completely satisfied with the educational content and presentation of the program you are attending, please notify the registration attendant by 11 a.m. on the date of the program for a refund of your registration fee. This year's exciting *A Critical Analysis of the Practice of Moderate Sedation/Analgesia* promises to meet the educational goals and objectives outlined in this brochure. For additional questions or to register, please call our REGISTRATION LINE at 610.630.3990.

INSTITUTIONAL LICENSING

Would you like to educate your entire staff with one of our seminars on site and receive a significant discount?

Institutional licensing of our programs and on-site Specialty Health presentations are available!

Call **610.630.3990** for information and pricing.

ACCREDITATION

Specialty Health Education, Inc., is approved as a provider of continuing education in nursing by the Pennsylvania State Nurses Association, which is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation. *Specialty Health Education, Inc.*, is approved by the California Board of Registered Nursing, Provider # CEP 12963. This series of conferences is *designed* to meet the Board of Nursing requirements in all fifty states.
